BAE Systems Information & Electrical System Integration, Inc.

NHDES Wetlands Bureau has received a Standard Dredge Fill application and materials requesting a permit for jurisdictional impacts related to the tunnel filling project.

From: New Hampshire Department of Environmental Services (NHDES)

RE: File No. #2008-01954

Map/Lot No. C - 1255 at 36 Holbrook Drive, Nashua. NHDES has approved the request to impact a total of 420 sq ft. within the bed and banks of Harris Brook to include 102 sq ft of temporary impacts and 318 sq ft of permanent impacts for the removal and replacement of a falling headwall with a new precast headwall, lengthening the existing outlet protection from erosion, and reconstruction existing sidewalk safer pedestrian passage.

**E. Old Business: None**

**F. New Business:**

- 1) 743 West Hollis (Sheet F Lot 46) – Deschenes Rev Trust (Owners), Gary Flaherty (Wetland Scientist). Relocate the house/pavilion from the 75' buffer. Regrade and restore approximately 2000 sq ft. of buffer area. This was previously discussed at the

Nashua Conservation Commission Amended Agenda, cont.
